

Call for Participation

We invite you to join us in **6th International Conference on Civil Engineering (CE 2022)**

6th International Conference on Civil Engineering (CE 2022) will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications impacts and challenges of Civil Engineering. The conference documents practical and theoretical results which make a fundamental contribution for the development of Civil Engineering.

The aim of the conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field. Original research papers, state-of-the-art reviews are invited for publication in all areas Civil Engineering.

Highlights of CE 2022 includes:

- 8th International Conference on Circuits and Systems (CIRSY 2022)
- 7th International Conference on Mechanical Engineering (ME 2022)
- 6th International Conference on Advances in Engineering (AE 2022)
- 6th International Conference on Biomedical Engineering and Science (BIENS 2022)
